

# Haliburton Breakfast

**THE HALIBURTON CLUB  
SUPPORTING THE HALIBURTON SCOUT RESERVE AND WOODLAND TRAILS**

Each year the Haliburton Club Breakfast provides thousands of dollars to help provide safe, well-maintained facilities for thousands of youth. Included in these programs are canoeing, boating, fishing, orienteering and nature study at 5,000-acre Haliburton Scout Reserve or at Woodland Trails. It is also significant to know that we strive to prevent having any youth turned away due to financial hardship. Every scouting youth has a chance to visit these camps and they are truly places that dreams and memories are made.

## **How YOU Can Help**

"YOU" can continue to make these dreams come true by becoming a member of the Haliburton Club. This annual membership allows you to attend each year at the Haliburton Breakfast, or send a Scout or friend as your guest, hear a top notch speaker, meet celebrity guests, and be a part of the hundreds of Scouting youth enjoying friendship, food and sharing stories. Scouts are guests of members and the many corporations who purchase tables and share seats with scouting youth.

## **YOUR SUPPORT:**

Your membership will help Scouting maintain and expand our camping facilities, keep the cost of camping services within reach of all youth, and provide access to proper and safe equipment when they visit the Greater Toronto Council camps.

As leaders in our community, members of The Haliburton Club assist Scouting to meet the challenges of today's youth.

Be a member, make a difference, and enjoy the Haliburton Club Breakfast camaraderie. All memberships are annual and a tax receipt will be issued.
